JCA Routines – Phones and Headphones

Our students look very smart in their uniform again; thank you for supporting the rule that no outdoor wear is allowed inside the JCA building in Term 6.

A reminder that phones and headphones are banned from our site between 8:40 and 15:00 (or 15:15 if students are in restores). This is to ensure the focus of the day is on learning and our students are safeguarded from the use of social media during school hours.

If staff see them (they don't have to be being used e.g. headphones dangling from collars etc), they will remind students of the ban and confiscate the item.

Confiscated items are secured in the main office (and logged on our clipboard) and are returned to students by a member of the senior team at 15:00. Parents and guardians are sent a message that day to let them know so a supportive follow-up conversation can be had.

First Aid for Year 7

Dear parents and carers

The number of requests for first aid by year 7s, notably after break/lunch, usually asking for ice. We do not

always believe this is necessary and are worried that someone in genuine need of first aid often may have to wait.

Can we ask you to talk to your child about whether they have needed first aid recently and what for to see whether it was necessary.

Thank you,

Joanne Shipp

British Healthy Eating Week 13-17th June

This year's 10th Healthy Eating Week will take place from 13 - 17 June 2022. The main message this year is, Eat well for you and the planet!

This guide will provide you with the information and resources you will need to take part in the Week.

About this year's message

The foods and drinks we choose are important for our health and the health of the planet. Globally, food production is responsible for about a third of all greenhouse gas emissions, uses over two thirds of fresh water and over a third of available land. Our global population is growing, with an increasing demand for food, but it is important for the health of the planet that we find ways to produce this food using less land, water, and energy.

The environmental impact of different foods can vary but there are some general principles we can all follow to aim for a healthier and more sustainable diet. This year's Healthy Eating Week aims to help everyone learn more about what they can do to have a healthier and more sustainable diet by focusing on five themes: **Focus on fibre** - for meals and snacks Have more wholegrain foods, fruit and vegetables, beans, peas, and lentils. •

Get at least 5 A DAY - put plenty on your plate Have at least 5 portions of a variety of fruit and vegetables every day.

Vary your protein - be more creative Eat a wider variety of protein foods and choose plant protein sources more often.

Stay hydrated- fill up from the tap. Have about 6-8 drinks a day and choose reusable or recyclable drinks containers.

Reduce food waste - know your portions Aim for the right amount when you shop, cook, and eat to avoid throwing food away.

For more detailed information about a healthier and more sustainable diet, see the website <https://www.nutrition.org.uk/healthy-eating-week/resources/secondary/>
