

Thursday, 07 January 2021

Dear Parent/Carer

As described in our previous correspondence, we would request that students attending the school site agree to routine COVID-19 testing. This is in line with national guidance and will play a key part in helping us keep the school site, pupils and staff safe.

If you have already consented to testing, your child will be tested on the following date/time if they are in school:

DATE: Friday, 09 January 2021  
TIME: 09:30 – 11:30

If your child is not in school on 9<sup>th</sup> January, they will be tested the next time they are at JCA where we have consent.

**If you have not consented to testing yet, please urgently fill out the consent form: [click here](#).**

This will allow us to complete serial contact testing should a student test positive which will enable other pupils to keep coming to school rather than self-isolate as long as they test negative every day for 7 days.

Kind regards

Kate Willis  
Principal  
John Cabot Academy
