# Joining us and a wider family of schools

Together, we can create opportunities for **lifelong success**

What do we want for our students?

**Empower.**

***Inspire through Learning.***

***Nurture the Individual.***

***Raise our Community.***

## Empower

We aspire for students to **thrive academically**; flourish and grow as young people. When they leave us they will have a strong sense of **self**, their **place** in the world and the **agency** to fulfil their potential.

We will achieve this by ensuring that students' success is recognised and rewarded, and without apology will expect that everyone works hard and tries their best.

What do we want for our students?

**Empower.**

***Inspire through Learning.***

***Nurture the Individual.***

***Raise our Community.***

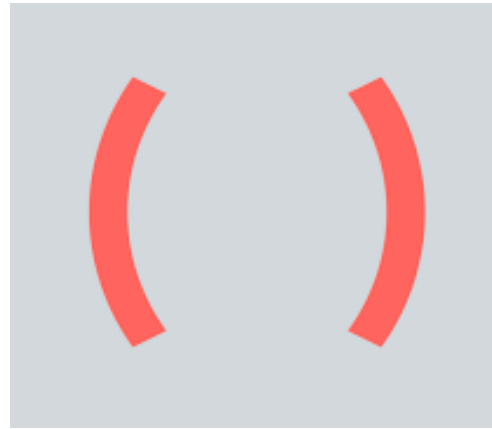

## Inspired by Learning

We aspire to create a learning community where staff and students are engaged, **challenged** and **inspired**, and thus will take **risks, make mistakes and learn from them**. We endeavour to develop a sense of wonder in our learning, so that we are inquisitive, critical and curious.

We will achieve this by providing moments of **awe and wonder** both inside and outside the classroom.

***Nurture the Individual.***

***Raise our Community.***

## Nurturing the Individual

We aspire to meet the needs of every person in the Academy. We will embed a supportive and compassionate culture in which the whole person is nurtured and the voice of students is valued.

We will achieve this by having **consistent** boundaries and **well-understood routines** that everyone knows and understands. This **consistency is the key to feeling safe** – and the feeling of safety and security will enable every person in our community to explore, develop and express their **individual identities**.

# JCA Routines

# Mental Health Support

During adolescence, students may encounter particularly painful emotional events for the first time. They often do not know where to go for help and have not developed sufficient problem-solving skills to overcome these difficulties on their own.

JCA's student attitude should be a real area of pride for the school.

# Aaliyah – Year 7

Nurture the Individual

John Cabot's student body is exhibiting really encouraging signs of an inclusive culture.

What do we want for our students?

***Nurture the Individual.***

***Raise our Community.***

## Raising our Community

We aspire for our Academy to be the community's school of choice.

We will achieve this by building and sustaining **trusting and respectful relationships** between staff, students and parents. We will **celebrate the diversity** of the members our community by enabling them to learn from each other, by encouraging them to respect each other's differences, and by providing **opportunities to contribute to Academy life** and the wider community.
