

## Principal's Year 7 Summer Project for Students

Please bring the results of your project with you on your first day in September.

Over the summer, I would like all new Year 7 students to think about the future and write about it in a project that I will read when you arrive in September.

In your project, Imagine you are 25 years old. I'd like you to explain:

- ✓ What kind of person are you when you are 25? Will you look different?
- ✓ Describe the characteristics you think you will have.
- ✓ How would you want other people to describe you?
- ✓ What kind of person you will be?
- ✓ What kinds of jobs do you think might interest you?
- ✓ Describe what you think you might do in that job?
- ✓ Explain the skills you have and the people you might work with and meet during the day.
- ✓ Where do you think your job will be based?
- ✓ In order to get the job of your dreams, find out what qualifications you might need to get you there? GCSEs? A-Levels? A university degree? Other qualifications perhaps?

In order to answer the question fully, please do some research.

Please use your imagination and please explain your hopes, dreams and ambitions.

I want to know what you want to achieve in life and what interests you.

Try and focus on the questions above, but feel free to add more information to help all of us at JCA to understand you better so that we can inspire you to meet your ambitions.

In the project, I'll want to see:

- ✓ An extended (longer) piece of writing to show me the quality of your work.
- ✓ Neat handwriting.
- ✓ Well laid out paragraphs, diagrams and pictures that help to show me what you are thinking.
- ✓ A piece of work that you are proud to hand in on your first day.

I look forward to reading the projects when you arrive in September.

Best of luck

Kate Willis  
Principal
